#### 1. Introduction

In accordance with Part 8 of Regulation (EU) No. 575/2013 of the European Parliament and the European Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (CRR), including its revisions (hereinafter: the Regulation), and the EBA Guidelines (EBA/GL/2016/11) on the disclosure of information referred to in Part 8 of the Regulation, Nova KBM d.d. (hereinafter also "the Bank" or "Parent bank") is obliged to disclose essential information that would, if released or misstated, change or affect an assessment or decision of the user using this information to make business decisions. The regulation allows a possibility not to disclose information that has a characteristic of confidential information or business secret.

Nova KBM d.d. is owned by a financial holding company, Biser Bidco S.â.r.l. In accordance with Article 13 of the CRR Regulation, institutions owned by an EU parent financial holding company meet the obligations referred to in Part 8 of the CRR Regulation at their consolidated financial position and, where it is also relevant, at the sub-consolidated position. Consequently, data in the document are disclosed at the Biser Topco Group level, and where relevant, also at the Nova KBM Group level. Disclosures are prepared as at 31 March 2021 by Nova KBM d.d, the largest financial institution in the Biser Topco Group. Biser Topco S.â.r.l and Biser Bidco S.â.r.l are holding companies established to acquire an equity stake in Nova KBM. d.d. None of the companies perform licensed and commercial activities that would lead to additional exposure to risks. Both companies generate only costs that are appropriate for holding companies. With a purpose to ensure compliance with the legislation, the Bank has incorporated risk management at the Biser Topco Group level into its methodologies, policies and strategies.

Nova KBM (as the parent company of the Nova KBM Group) was privatised in 2016. The process of sale was concluded on 21 April 2016, when the Republic of Slovenia sold its 100-percent equity share to Biser Bidco S.â.r.l, which is 100-percent owned by Biser Topco S.â.r.l. The company Biser Topco S.â.r.l. is a joint venture founded by Apollo, holding an 80-percent equity share, and EBRD, holding a 20-percent equity share.

On 20 June 2019, Nova KBM, d.d. concluded an agreement on the purchase of a 100-percent interest in Abanka d.d. with the Republic of Slovenia represented by the Slovenian Sovereign Holding, d.d. On 30 January 2020, Nova KBM d.d. received a European Central Bank's regulatory licence to acquire a direct qualifying holding in Abanka d.d. ("Abanka"). Upon receiving all necessary regulatory approvals and fulfilling all the conditions stipulated in the purchase agreement, Abanka d.d. became a member of the Nova KBM Group on 5 February 2020. On 15 March 2020, Nova KBM d.d. filed with the Bank of Slovenia a Request for permission to merge Abanka into Nova KBM d.d. Nova KBM d.d. received the approval to merge on 4 August 2020. Upon the received permission, Abanka d.d. has been legally merged with Nova KBM d.d. from 1 September 2020. The merged banks represent the second largest, systemically important bank in Slovenia. The operational merger of the two banks took place on 1 January 2021.

#### The Coronavirus pandemic

In order to ensure that these Disclosures reflect the up-to-date information on the current status of the Group, the evolution of the Coronavirus pandemic and the measures taken by the Government of the Republic of Slovenia to combat the spread of the virus have been taken into account.

The COVID-19 situation is continuing to gradually improve in Slovenia, with the Government relaxing certain of the lockdown measures.

The Bank is closely monitoring the economic outlook and the impact of the pandemic on the Combined Group's financial performance, capital and liquidity position. As of 31 March 2021 the Bank had not experienced any significant defaults in its portfolio due to the pandemic. However, as a result of the pandemic, a number of corporate borrowers in impacted industries have seen their rating downgraded, and certain have applied for the various support schemes offered by the State, including legislative moratoria. A limited number of retail borrowers have also utilised the legislative moratoria available to them.

As of the end of February 2021 the intervention legislation which enabled borrowers impacted by the COVID-19 pandemic to apply for payment deferral expired. Considering this and the fact that the pandemic and health-related restrictions remained in place in March 2021, the Bank has reviewed the financial position of those borrowers which have been impacted, to identify those which even after the expiration of the existing moratoria may need further concessions from the Bank. The Bank conducted an extensive client outreach program to review all clients whose moratoria expire in Q2 and Q3 2021 in order to assess whether they would be able to resume regular debt service or they would need further concessions by the Bank. Results show that the majority of clients should be able to resume servicing their debt, whereas the remaining borrowers (most operating in the tourism, accommodation, personal care and similar segments) may require extension of moratoria. Each extension is individually assessed and clients are tested for forbearance and unlikely-to-pay status.

Both capital and liquidity positions remain at adequate levels.

#### Publication

Nova KBM included the method, frequency and verification of disclosing essential information in its Disclosure Policy. According to available options, Nova KBM has chosen to publish disclosures in a separate document. The Bank discloses most of the information in its Annual Report, in accordance with the requirements of the legislation and International Financial Reporting Standards.

#### Disclosure of information

This document aims at disclosing information under the Pillar 3. In this context, the Bank followed the provisions of the CRR Regulation (575/2013), Directive (EU) No. 2013/36 (hereinafter: the Directive) and the Guidelines on Disclosure Requirements under Part 8 of Regulation as well as other guidelines defining disclosure requirements (Guidelines on Remuneration Policies, Guidelines on non-performing and forborne exposures, etc.) (hereinafter: the Guidelines).

#### <u>Audit</u>

Disclosures of the Group are not audited. In accordance with its Disclosure Policy, the Group has internal controls and procedures in place to ensure the correctness of disclosed information.

#### 2. Highlights

The Group must, on the basis of ECB's legislation rules (CRR, CRD), fulfil the:

- · Minimum capital requirements, comprised of:
  - Common equity Tier 1 capital requirements of 4,5%
  - Total Tier 1 capital requirements of 6,0%
  - Total capital requirements of 8,0%
- Prudential / supervisory capital requirements, comprised of:
  - Pillar 2 requirement (P2R)
  - o Pillar 2 guidance (P2G)
  - Overall capital buffer requirements

The combined minimum and prudential capital requirements represent the total supervisory capital requirement – TSCR, combined minimum, prudential and buffer requirements represent the overall capital requirements the Group must fulfil. Additionally, the Group must also fulfil the P2G requirement, which is required to be met by Common Equity Tier 1 ratio (CET1 ratio). The Group fulfils all requirements imposed by legislation or supervisory authorities. The table below presents the capital requirements at the Biser Topco Group level (excluding P2G), including post-COVID 19 capital related measures of ECB. Biser Topco Group's regulatory capital requirements and buffers prevail on the Combined Group level.

Table 1: Regulatory capital requirements and buffers of the Biser Topco Group

<sup>\*</sup>P2R requirement for 2021 equals to 3,00%

The following table provides a high-level presentation of the total regulatory capital, risk weighted assets (RWA) and capital adequacy ratios of Biser Topco Group as at the end of March 2021 in comparison to the end of December 2020.

In comparison to the end of 2020, the regulatory capital of the Group is higher by 12 million EUR primarily due to:

- higher valuation in the FVOCI portfolio by 5,5 million EUR;
- lower deduction item arising from the intra-year recognized impairments and provisions, which have not been audited yet, by 5,4 million EUR. The 2020 figures have been audited and, thus, removed from the deduction item.

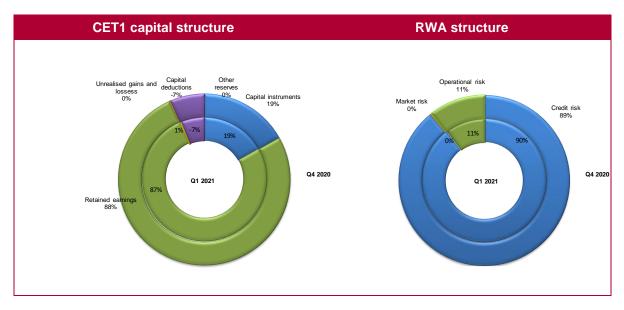

Table 2: Summary of Biser Topco Group's indicators

		€000
	31.03.2021	31.12.2020
Risk weighted assets (RWA)	4.814.441	4.853.479

#### 3. Own Funds

This Chapter defines disclosure requirements referred to in Article 436(1) of Part 8 of CRR and in Commission implementing regulation (EU) No 1423/2013 of 20 December 2013.

3.1 Information about full reconciliation of Common Equity Tier 1 items, Additional Tier 1 items, Tier 2 items and filters and deductions applied pursuant to Articles 32 to 35, 36, 56, 66 and 79 of the Regulation relating to own funds of the institution and the balance sheet in the audited financial statements of the institution

(Article 437 (1.a) of the Regulation)

The scope of the consolidation and the method used to consolidate the statement of financial position are the same as the scope and the method of consolidation set out in Chapter 2, Part One, Title II of the Regulation. The same entities are included in both consolidation methods.

The Group's regulatory capital is comprised of Common Equity Tier 1 capital (CET1 capital) and Tier 2 capital (T2 capital). The table below shows the difference between the Group's shareholder's capital and the regulatory capital as at 31 March 2021. The drivers of changes in regulatory capital are presented in Chapter 2 of this document.

The reconciliation between the Group's equity reported in the balance sheet and the equity reported for regulatory purposes is presented in the table below.

Table 3: Reconciliation of regulatory capital items and the balance sheet capital

# 3.2 Description of the main features of the Common Equity Tier 1 and Additional Tier 1 instruments and Tier 2 instruments issued by the institution

(Article 437 (1.b) of the Regulation)

The table below presents the data on equity instruments of the Biser Topco Group and the Nova KBM Group.

Capital instruments of Biser Topco Group and Nova KBM Group are comprised of the paid–in capital (equities) and the share premium (capital reserves). Capital instruments without ECB's permissions are not included in the CET1 calculation.

### 3.3 Description of the full terms and conditions of all Common Equity Tier 1, Additional Tier 1 and Tier 2 instruments

(Article 437 (1.c) of the Regulation)

With respect to their characteristics, own funds consist of two categories:

- Tier 1 capital, which comprises:
  - o Common equity Tier-1 capital
  - o Additional Tier-1 capital
- Tier 2 capital, which comprises:
  - Issued subordinated bonds

Common Equity Tier 1 capital comprises of:

- · capital instruments (paid-in and share premium),
- retained earnings,
- · accumulated other comprehensive income,
- other reserves,

- value adjustments due to the requirements for prudent valuation,
- adjustments to Common Equity Tier 1 capital due to prudential filters, i.e. revaluation surplus
- deductions:
  - o intangible fixed assets
  - o deferred tax assets
  - o and other adjustments to Tier 1 capital.

Neither of the Groups has additional Tier-1 instruments.

As at 31 March 2021 all **capital instruments** of Nova KBM Group are eligible for the inclusion in CET1 and T2 capital calculation. Capital instruments of Biser Topco Group in the amount of 0,7 million EUR are not eligible for the inclusion in CET1 capital calculation and in the amount of 23,0 million EUR in T2 capital calculation on the basis of provisions of CRR Articles 86 and 87.

The Bank issued equity instruments in the amount of 90,4 million EUR acceptable as the additional regulatory capital in 2019. The Bank includes issued equity instruments in the additional capital in full at the level of Nova KBM and the Nova KBM Group, while applying the provisions of Articles 86 and 87 of CRR for the inclusion at the level of the Biser Topco Group. Based on the relevant legislation, the Bank obtained the relevant authorisation of the supervisory authority, the ECB, to include issued Tier 2 capital instruments in the calculation of the regulatory capital.

#### 3.4 Separate disclosure of the nature and amounts of filters and deductions

(Article 437 (1.d) of the Regulation)

In 2020, The Group is disclosing the amount and items of regulatory capital and capital requirements as at 30 September 2020, in line with the provisions of CRR and on the basis of the technical standards with regard to the disclosure of own funds requirement (Commission Implementing Regulation (EU) No 1423/2013).

The Group is disclosing the following:

- (i) Prudential filters used in accordance with Articles 32 to 35
- (ii) Deductions in accordance with Articles 36, 56 and 66
- (iii) Non-deducted items in accordance with Articles 47, 48, 56, 66 and 79

**Table 5:** Biser Topco Group's regulatory capital nature and amounts

3.5 Description of all restrictions applied to the calculation of own funds in accordance with the Regulation, and the instruments, prudential filters and deductions to which those restrictions apply

(Article 437 (1.e) of the Regulation)

Explanations and data are presented in Tables in Chapters 3.1. to 3.3.

3.6 Comprehensive explanation of the basis on which the institution calculates its capital ratios, if the disclosed capital ratios are calculated using elements of own funds determined on the basis other than that laid down in the Regulation

(Article 437 (1.f) of the Regulation)

This disclosure does not apply to the Group as the CRR and CRD requirements, with all amendments and supportive legislation, are used to calculate the regulatory capital of the Group.

#### 4. Capital requirements

(Article 438 c, e and f and 445 of CRR)

#### Regulatory capital

See chapters 1 to 3.

#### Risk weighted assets

This section provides disclosure requirements referred to in Article 438 of Part 8 of CRR. Where necessary, the disclosures comply with data disclosure requirements indicated in section "4.6 Capital Requirements" of the Guidelines.

The Group uses the Standardised Approach to calculate its capital requirements for credit and market risks, while the Basic Indicator Approach is used to calculate capital requirements for the operational risk.

The Group discloses the amounts according to the provisions of Chapter 46, paragraph 69 of the Guidelines. The changes in the risk-weighted exposure, which is lower by 39 million EUR at the reporting date of 31 March 2021 compared to 31 December 2020, are primarily associated with:

- lower capital requirement for operational risk, which was, in line with the methodology, mainly affected by movements in profit and loss items during the last three years;
- exclusion of Anepremičnine assets on sub-consolidation and consolidation reporting level according to the ECB permission;
- higher valuation of equity instruments in the trading book;
- reduction in the group's NPE portfolio due to the sale of non-retail NPE portfolio of ex-Abanka ("ABA Lent").

The changes in the risk-weighted exposure of the Biser Topco Group also reflect the changes in the risk-weighted exposure of the Nova KBM Group.

The table below shows the detailed composition of the capital requirements of the Groups at the end of 2020 and 31.3.2021. Out of the overall Biser Topco Group's capital requirements 89,6% relates to credit risk positions, 10,4% to operational risk and 0,4% to market risk positions.

#### 4.1 General information on Credit risk RWA

4.1.1 Information regarding 8 % of the risk-weighted exposure amounts in accordance with Part Three, Title II, Chapter 3 for each of the exposure classes specified in Article 147 of the Regulation

(Article 438 (d) of the Regulation)

In addition to the disclosure of risk weighted exposure amount for credit risk provided in template EU OV1 – Overview of RWAs, the Group is providing the disclosure of risk weighted exposure amount for credit risk related to significant capital investments.

Both Groups have the same portfolio of capital investments, as the Biser Topco Group has no authorisations or licences to carry out any banking activity. As at 31 March 2021 neither Group has any significant investments in equity instruments of insurance or reinsurance companies, or insurance holding companies that are not deducted from the regulatory capital of the respective Group. The immaterial investment that the Groups have are included in the calculation of risk-weighted assets for credit risk with the assigned risk weights of 100 % and 250 %.

4.1.2 Disclosure of the exposures assigned to each category in Table 1 of Article 153(5), or to each risk weight mentioned in Article 155(2) of the Regulation, if the institution calculates the risk-weighted exposure amounts in accordance with Article 153(5) or Article 155(2)

(Article 438 of the Regulation)

This disclosure does not apply to the Group, because it does not use the IRB approach in calculating capital requirements for credit risk.

#### 5. Leverage ratio

(Article 451 of the Regulation)

This Chapter defines disclosure requirements referred to in Article 451 of Part 8 of CRR and in Commission implementing regulation (EU) No 2016/200.

The Group does not apply the option of the temporary exclusion of certain exposures to central banks from the total exposure measure in view of the COVID-19 pandemic in the scope of Leverage Ratio as proposed in Regulation (EU) 2020/873.

#### 5.1 Leverage ratio of Biser Topco Group

(451 a-c of the Regulation)

Capital and total exposures

1 Tier-1 capital 920.230

2 Total leverage ratio exposures 10.007.661

Leverage ratio

3 Leverage ratio 9,20%

#### 5.2 Leverage ratio of Nova KBM Group

(451 a-c of the Regulation)

Capital and total exposures

1 Tier-1 capital 916.030

2 Total leverage ratio exposures 10.010.378

Leverage ratio

3 Leverage ratio 9,15%

## 6. Disclosures regarding transitional arrangements for mitigating the impact of the introduction of IFRS 9 on own funds

(473a. of the Regulation)

Disclosure is not relevant for the Group as the Group did not decide to use the capital deduction regarding transitional arrangements for mitigating the impact of the introduction of IFRS 9 on own funds.

#### 7. Transitional provisions for disclosure of own funds

(492. of the Regulation)

Disclosure is not relevant for the Group as the Group from the 1 January 2018 does not use the transitional provisions for calculation of own funds or risk weighted assets. Transitional provisions are taken into consideration only in case of capital buffers calculation and are in line with articles of CRD Directive.

The Group decided not to apply the capital relief related to temporary treatment of unrealised gains and losses of FVOCI government debt securities portfolio as proposed in Regulation (EU) 2020/873.
